#POWERUP YOUR OFFICE

WHAT'S THE BIG JUICY IDEA?

*At Dr. Juice we craft, make and sell a range of nutritious foods and juices, from post-workout smoothies to adventurous new dishes that **#POWERUP** the whole family.*

Run by John Winfield but supported by a whole team of juicynators, our mission has always been about offering products to a wide range of people, catering towards all tastes, and never excluding groups who have their own predispositions towards a healthy lifestyle.

We don't have a rulebook on what it means to live healthy but we are always thinking about how we can transform the lives of more and more people through natural good food.

CORPORATE DISCOUNTS HOW DOES IT WORK?

We can offer you a **10% promotional discount** that your employees can use through our new Ordering Kiosk and Online Ordering System via the website.

This code will be randomised every quarter of the year in order to ensure that it is not being shared throughout other people outside of your brand, whilst also limiting employees who might have left the company in between this period.

WHAT'S THE RIGHT OCCASION?

Our business boxes can be used for different occasions, including:

- relief from mid-meeting tummy growls
- long-lasting fuel and focus for the events that overrun
- short term relief from stressful, overwhelming days
- making your team or clients feel special, looked after & energised.

Our boxes are made to make you and others feel good. Achieved through a combination of nutritious ingredients crafted into delightful moments of **#POWERUP** perfection

TEAM BUILDING SESSIONS

We work with like-minded health & fitness freaks that want to give you a **workout** to remember (yoga, HIIT workouts, boxing, zumba...)
